

Uganda Youth Skills Training Organization (UYSTO)

Job Advert

Uganda Youths Skills Training Organization (UYSTO) <https://skillsforyouths.org> is a non-Governmental organization which has for the last 15 years of existence registered a remarkable success in equipping over 14,168 young people in and out of school underprivileged youths, and women in Uganda, with hands on skills for their everyday life, thus creating a strong movement towards the national need for vocational training skills. However, not only does UYSTO focus on vocational training skills development but also embraces other areas of intervention i.e., Care and support to vulnerable young people, Environmental Conservation and management, Health-HIV/AIDS, Covid, sexual and reproductive health rights general awareness and period poverty and protective gears, gender equality as a cross cutting issue and lastly, culture and sports.

This has been through information availing, education, training as well as advocacy, as channels for personal development to the youths and women, in the bid to attain sustainable development among the target groups aiming at accelerating, transforming and stimulating a broad based economic developed nation, Uganda thorough improving young people's, youths and women's lives by creating access to school, community-based education and innovative ventures for sustainable development.

The organization "UYSTO" joined the cooperation in 2015 with FUSS Norway and Youth Code Malawi, funded by Norwegian Agency for Exchange Cooperation (NOREC) until 2020, when the covid pandemic jeopardised the program/exchange and recruited volunteers locally as resource persons. Now with covid-19 relaxed situation, Norec has resumed to the normal exchange program and these avails the member partner organizations in the cooperation an opportunity to go exchange.
